Multi-cultural, multi-historical, and spanning man's faith across time, *The Final Book* is a controversial and blasphemous last chapter of humanity.

In the beginning there was love. The Goddess of Life in an elated romance with a beloved mortal. Her sister killed him. Their combined actions ripping a hole in destiny and plagued mankind with an age of unprecedented corruption, vicious holy wars, and religious absolutism.

Though long forgotten by the mortals they serve, Zeus and his Pantheon continue to foster and protect mankind which is tearing itself apart—but even God isn't infallible. After failed diplomacy, the King of the Gods is left with no choice but to take the persona of a modern man—the famed genetic scientist Dr. Hork. In an effort to

preserve the future by reshaping the past, Dr. Hork uses Project Genesis—the transfer of consciousness—to send subjects back in time. However, not without devastating failures. Subjects of the experiment wreak havoc upon humanity until a familiar character is reborn to correct the course.

Reincarnated and ready to fulfill his true destiny, Joshua Bach is the catalyst the Gods have been waiting for—and Dr. Hork's final beacon of salvation. Ferociously idealistic, the free-spirited young man struggles to come-of-age in a time and society ruled by money and corruption. Under the wing of the Gods, Josh rediscovers his purpose, along with a love that can only be considered timeless.

This epic blends human history, ruthless mythology, science fiction, and the supernatural to tell a love story of the future—bringing Gods across all faiths down to earth in the modern age and within your reach.
